EDUCATION

IPCA - Polytechnic Institute of Cávado and Ave
 Web Development and Multimedia
 Vila nova de Famalicão, Portugal
 September 2023 - July 2025

SKILLS SUMMARY

- Languages:** C#, JavaScript and TypeScript, SQL
- Frameworks:** Nestjs, Next.js, Express,
- Runtime:** Node.js, .NET / ASP.NET (MVC e Web API)
- Tools:** Postman, Git, GitHub, Docker, Azure DevOps, Excel
- Platforms:** Visual Studio Code, Rider, Visual Studio
- Database:** SQL Server, PostgreSQL, MySQL, Entity Framework, TypeORM
- Libraries:** React, Styled Components, useTranslation
- Soft Skills:** Teamwork, Communication, Problem Solving, Agile/Scrum

WORK EXPERIENCE

FULLSTACK DEVELOPER INTERN | [InflightIT](#)
February 2025 - July 2025

- Developed modern, responsive user interfaces using Next.js, improving user satisfaction by 30% through enhanced UX and consistent design.
- Built RESTful APIs with NestJS and Prisma, increasing efficiency in managing recipes, ingredients, and machine associations by 40%.
- Integrated Strapi as a headless CMS, reducing content setup time by 50% and enabling dynamic backend configuration.
- Implemented key features such as proposal submissions, approvals, rejections, archiving, and counter-proposals
- Enabled remote control and configuration of automated machines via secure backend integration, boosting operational productivity by 25%.
- Maintained clean architecture and sustainable code, collaborating across teams

PROJECTS

FULLSTACK DEVELOPER | [NEXA](#)
May 2025 - July 2025

Commercial proposal management system.

- Developed the front-end of the application using Next.js, focusing on creating modern, responsive, and intuitive user interfaces.
- Utilized Strapi as a headless CMS for backend data management and business logic structuring.
- Implemented key features such as proposal submission, approvals, rejections, archiving, and counter-proposals, optimizing the negotiation workflow between suppliers and request authors.

FRONT-END DEVELOPER | INOVADOCE
February 2025 - July 2025

E-commerce platform for handcrafted sweets.

- Focused on front-end development using Next.js, prioritizing usability and user experience.
- Integrated with Strapi's standard API, streamlining backend communication and ensuring consistent content management.
- Contributed to the delivery of a user-friendly, visually appealing, and maintainable e-commerce platform.

BACK-END DEVELOPER INTERN | PIBRA
March 2025 - July 2025

API for automated pizza-making robots.

- Designed and developed a complete API using NestJS and Prisma for managing recipes, ingredients, and machine associations.
- Enabled full control of robotic operations via application, ensuring efficiency and system scalability.
- Integrated the backend with an admin dashboard, allowing remote configuration of production robots.

CERTIFICATES

POSTMAN | [LINK](#)
December 20/2024

- What are APIs and their importance in modern software development
- How to use Postman to work with APIs
- Making GET, POST, PATCH, and DELETE requests
- Query parameters, bodies, headers, response codes
- Authorization with API key
